To the joint board of Selectman and School Visitors of Newtown: It is hoped by all the lovers of peace and progress that the selectmen of this town will see to it and make it worth while to keep in our midst the valuable and efficient principal and his wife, Mr and Mrs Ross Jewell, with their assistants. Never was a commu-nity more blessed with a better couple. Never was a school, all things con sidered, in a better, a more prosperous condition. The children with one voice all speak in their praise. When children love their teachers they will learn more, and take hold with better spirits. No one has ever taken the interest or done one-half as much for our High school as Mr and Mrs Jewell. Very few that we would like would want to tackle it at all its best, where things come so slow and so hard as they do here. Now that we have the right man in the right place, let's keep him, whatever the cost. It's more than the roots of the Newtown Water Co., by Contractor Beckwith, who has the contract for the reservoir and laying the pipe. He has a large force of Italians at work.

A nice line of ladies' and misses' tan and canvas Oxford ties. Cool and comfortable. Also a nice line of the above in patent and Dongola. Prices very easonable. [Sandy Hook Shoe Store
